About the Programme

The AWS Certified Solutions Architect – Professional (SAP-C02) is the most advanced architecture certification from AWS. It validates the ability to design complex, enterprise-scale AWS solutions including multi-account strategies, hybrid architectures, and cost optimisation at scale.

EduEdge's SAP-C02 programme is designed for experienced AWS architects ready to tackle the most challenging certification in the AWS portfolio. Deep scenario-based learning, whitepapers, and real-world case studies are central to this programme.

WHY SAP-C02?
