About the Programme

CompTIA PenTest+ assesses the most up-to-date penetration testing and vulnerability assessment skills across the latest attack surfaces — including cloud, hybrid environments, web applications, and APIs. PenTest+ is the only penetration testing exam that covers both hands-on testing AND vulnerability management and reporting.

EduEdge's PenTest+ programme provides a practical, hands-on learning experience covering the full penetration testing lifecycle — planning, reconnaissance, exploitation, post-exploitation, and professional reporting. Real lab environments simulate live attack scenarios.
