CompTIA CySA+ (Cybersecurity Analyst)

CERTIFICATION PROGRAMME

Detect Threats. Analyse Incidents. Protect Organisations.

EduEdge Certified

Exam: CS0-003

Live + On-Demand

Global Recognition

www.theeduedge.org | info@theeduedge.org

About the Programme

CompTIA CySA+ applies behavioural analytics to networks and devices to prevent, detect, and combat cybersecurity threats. As an intermediate-level credential between Security+ and CASP+, CySA+ fills the critical gap for professionals who perform threat intelligence and incident response work.

EduEdge's CySA+ programme focuses on the analyst workflow — from threat intelligence and vulnerability management through incident response, compliance, and reporting. You will work with real tools including SIEMs, IDS, and threat intelligence platforms.

WHY CySA+?		
Intermediate Between Security+ and SecurityX	SOC Analyst Gold Standard	3 Yrs Certification Validity

What Makes EduEdge Different?

■ Exam-Focused Curriculum Every session maps directly to CS0-003 exam objectives — zero wasted study time.	■■■ Expert Instructors Certified practitioners with real-world industry experience as your lead trainers.
■ Comprehensive Materials Curated notes, quick-reference guides, and access to an extensive question bank.	■ Mock Exams & Drills Multiple timed mock exams with detailed rationale to build exam-day confidence.
■ Live + On-Demand Attend live virtual sessions or learn at your pace with recorded access.	■ High Pass Rate Structured programme with mentorship resulting in strong first-attempt outcomes.

Programme Highlights

Duration	Instructor-led sessions + self-paced recordings
Format	Online (Live Virtual) / In-Person Weekend Batches
Exam Training	Fully satisfies CompTIA training requirements
Batch Size	Small cohorts for personalised attention (max 20 participants)
Language	English
Access	Lifetime access to recorded sessions & updated materials
Certificate	EduEdge Completion Certificate + CS0-003 Exam Support
Next Batch	Rolling intake — visit www.theedue.org for schedule

Who Should Attend?

- **Security Analysts & SOC Analysts** working in threat detection and incident response.
- **Vulnerability Analysts** performing scanning, assessment, and remediation.
- **Security+ Holders** ready to advance to an intermediate security credential.
- **Threat Intelligence Professionals** analysing and acting on security intelligence feeds.
- **Network & Systems Administrators** moving into a dedicated security analyst role.

Eligibility Requirements

The following requirements apply before you can register for the CySA+ certification. EduEdge advisors will guide you through eligibility verification and the application process.

	PRIMARY PATH	ALTERNATIVE
Recommended Experience	4 years of IT security or related experience	CompTIA Security+ is recommended
Prerequisites	No mandatory prerequisite	CySA+ is intermediate level
Training	EduEdge 40-hour programme	Covers all CS0-003 objectives

Exam Details

Exam Code	CS0-003
Questions	Max 85 (MCQ + PBQ)
Duration	165 minutes
Domains	Security Operations Vulnerability Management Incident Response & Management Reporting & Communication
Passing Score	750/900
Validity	3 years (60 CEUs to renew)
Exam Fee	USD 392

Ready to register for CySA+?

Course Curriculum

Our CySA+ curriculum is structured around the official CompTIA exam content outline (CS0-003), ensuring complete topic coverage with practical application throughout.

M1	Threat Intelligence OSINT, threat feeds, TTP analysis, MITRE ATT&CK; framework, indicator classification
M2	Vulnerability Management Scanning tools (Nessus, Qualys), CVSS scoring, prioritisation, remediation tracking
M3	Security Architecture Review Network analysis, log review, SIEM configuration, alert tuning, data flows
M4	Security Operations SOC workflows, alert triage, playbooks, ticketing, coordination with IT teams
M5	Incident Response IR lifecycle, evidence collection, containment, eradication, recovery, post-incident review
M6	Digital Forensics Memory forensics, disk imaging, chain of custody, forensic tools, timeline analysis
M7	Compliance & Reporting GRC frameworks, security metrics, executive reporting, regulatory requirements
M8	Exam Preparation CS0-003 domain review, PBQ labs, 600+ practice questions, mock exams
■ Exam Domain Coverage: Security Operations Vulnerability Management Incident Response & Management Reporting & Communication	

Learning Outcomes

By the end of the EduEdge CySA+ programme, you will be able to:

- Detect and analyse security threats using behavioural analytics and SIEM tools.
- Conduct vulnerability assessments and manage remediation workflows.
- Lead and participate in full incident response lifecycle.
- Apply threat intelligence to proactively defend organisational assets.
- Perform digital forensics and preserve digital evidence correctly.
- Communicate security findings to technical and non-technical stakeholders.
- Ensure compliance with regulatory and security frameworks.
- Pass the CompTIA CySA+ CS0-003 exam.

Career Opportunities

CySA+-certified professionals are sought across industries worldwide. Common roles include:

SOC Analyst (Tier 2/3)	Cybersecurity Analyst	Threat Intelligence Analyst
Vulnerability Analyst	Incident Responder	Security Engineer
Threat Hunter	Security Operations Lead	GRC Analyst

Exam Preparation Strategy

Passing the CySA+ on your first attempt requires more than content knowledge — it demands a strategic, structured approach. EduEdge provides a 360° preparation ecosystem tailored to this certification.

■ Study Materials Curated notes, quick-reference cards, and formula/concept sheets aligned to exam objectives.	■ Practice Question Bank Extensive exam-style question bank with detailed answer rationale for every question.
■ Timed Mock Examinations Full-length mock exams simulating actual exam conditions with performance analytics.	■ Recorded Sessions Lifetime access to all live session recordings — revisit complex topics anytime.
■ Cohort Study Groups Peer learning groups for collaborative problem solving and accountability.	■ 1:1 Mentorship Direct access to instructors for doubt resolution and personalised study plans.

Recommended Study Timeline

PHASE	FOCUS	APPROXIMATE HOURS
Foundation	Core concepts and CySA+ framework overview	8–12 hrs
Deep Dive	Domain-by-domain coverage with practice questions	20–30 hrs
Application	Lab work, scenario exercises, and case studies	8–12 hrs
Exam Prep	Mock exams, gap analysis, and revision	10–15 hrs
Final Review	Exam readiness check and last-day strategy	4–6 hrs
