AWS Certified Cloud Practitioner

CERTIFICATION PROGRAMME

Your First Step Into the World's Largest Cloud Platform

EduEdge Certified	Exam: CLF-C02	Live + On-Demand	Global Recognition
-------------------	---------------	------------------	--------------------

www.theeduedge.org | info@theeduedge.org

About the Programme

The AWS Certified Cloud Practitioner (CLF-C02) establishes foundational, high-level understanding of AWS Cloud, services, and terminology. It is the ideal starting point for professionals in technical, managerial, sales, purchasing, or financial roles who work with AWS.

EduEdge's AWS Cloud Practitioner programme is designed to take you from AWS beginner to certified in a structured, beginner-friendly format. No prior cloud experience needed — just the determination to start your cloud journey.

WHY Cloud Practitioner?		
Entry Level AWS Certification	No Exp. Required to Enrol	AWS #1 Cloud Platform

What Makes EduEdge Different?

■ Exam-Focused Curriculum Every session maps directly to CLF-C02 exam objectives — zero wasted study time.	■■■ Expert Instructors Certified practitioners with real-world industry experience as your lead trainers.
■ Comprehensive Materials Curated notes, quick-reference guides, and access to an extensive question bank.	■ Mock Exams & Drills Multiple timed mock exams with detailed rationale to build exam-day confidence.
■ Live + On-Demand Attend live virtual sessions or learn at your pace with recorded access.	■ High Pass Rate Structured programme with mentorship resulting in strong first-attempt outcomes.

Programme Highlights

Duration	Instructor-led sessions + self-paced recordings

Course Curriculum

Our Cloud Practitioner curriculum is structured around the official AWS exam content outline (CLF-C02), ensuring complete topic coverage with practical application throughout.

M1	Cloud Computing Concepts What is cloud, cloud benefits, AWS global infrastructure, deployment models
M2	AWS Core Services EC2, S3, RDS, VPC, IAM, Lambda — the foundational AWS service portfolio
M3	Security & Compliance AWS Shared Responsibility Model, IAM, Shield, WAF, Inspector, GuardDuty
M4	AWS Networking VPC basics, subnets, internet gateways, Route 53, CloudFront, ELB
M5	AWS Storage S3, EBS, EFS, Glacier — storage types, use cases, pricing tiers
M6	AWS Databases RDS, DynamoDB, Redshift, ElastiCache — choosing the right database
M7	Billing & Pricing Free tier, pricing models (on-demand, reserved, spot), Cost Explorer, Trusted Advisor
M8	Exam Preparation CLF-C02 domain review, AWS sample questions, 500+ practice questions, mock exams
■ Exam Domain Coverage: Cloud Concepts (24%) Security & Compliance (30%) Cloud Technology & Services (34%) Billing, Pricing & Support (12%)	

Learning Outcomes

By the end of the EduEdge Cloud Practitioner programme, you will be able to:

- Explain AWS Cloud value propositions and the shared responsibility model.
- Identify core AWS services across compute, storage, networking, and databases.
- Apply AWS security and compliance concepts including IAM and Shield.
- Understand AWS pricing models, cost management, and support plans.
- Describe AWS global infrastructure including regions and availability zones.
- Identify appropriate AWS services for common cloud workloads.
- Navigate the AWS Management Console and basic service configuration.
- Pass the AWS Certified Cloud Practitioner CLF-C02 exam.

Career Opportunities

Cloud Practitioner-certified professionals are sought across industries worldwide. Common roles include:

Cloud Support Associate	AWS Junior Administrator	Cloud Solutions Associate
Pre-Sales Engineer	IT Business Analyst	Cloud Project Coordinator
AWS Educator	Digital Transformation Analyst	Cloud Adoption Specialist

Exam Preparation Strategy

Passing the Cloud Practitioner on your first attempt requires more than content knowledge — it demands a strategic, structured approach. EduEdge provides a 360° preparation ecosystem tailored to this certification.

■ Study Materials Curated notes, quick-reference cards, and formula/concept sheets aligned to exam objectives.	■ Practice Question Bank Extensive exam-style question bank with detailed answer rationale for every question.
■ Timed Mock Examinations Full-length mock exams simulating actual exam conditions with performance analytics.	■ Recorded Sessions Lifetime access to all live session recordings — revisit complex topics anytime.
■ Cohort Study Groups Peer learning groups for collaborative problem solving and accountability.	■ 1:1 Mentorship Direct access to instructors for doubt resolution and personalised study plans.
