Microsoft Azure Solutions Architect Expert

CERTIFICATION PROGRAMME

Design Enterprise-Grade Azure Solutions at Scale

EduEdge Certified	Exam: AZ-305	Live + On-Demand	Global Recognition
-------------------	--------------	------------------	--------------------

www.theeduedge.org | info@theeduedge.org

About the Programme

The AZ-305 exam leads to the Microsoft Certified: Azure Solutions Architect Expert credential, validating expertise in designing cloud and hybrid solutions on Azure. Architects design compute, network, storage, and security solutions that meet business requirements.

EduEdge's AZ-305 programme is built for experienced Azure professionals ready to move into architect-level roles. Combining deep technical design skills with business requirements analysis, the programme prepares you for complex enterprise Azure architecture challenges.

WHY AZ-305?

Expert

Highest Azure Cert Level

Architect

Most Valued Azure Role

Microsoft

Globally Recognised

What Makes EduEdge Different?

■ Exam-Focused Curriculum Every session maps directly to AZ-305 exam objectives — zero wasted study time.	■■■ Expert Instructors Certified practitioners with real-world industry experience as your lead trainers.
■ Comprehensive Materials Curated notes, quick-reference guides, and access to an extensive question bank.	■ Mock Exams & Drills Multiple timed mock exams with detailed rationale to build exam-day confidence.
■ Live + On-Demand Attend live virtual sessions or learn at your pace with recorded access.	■ High Pass Rate Structured programme with mentorship resulting in strong first-attempt outcomes.

Programme Highlights

Duration	Instructor-led sessions + self-paced recordings
Format	Online (Live Virtual) / In-Person Weekend Batches
Exam Training	Fully satisfies Microsoft training requirements
Batch Size	Small cohorts for personalised attention (max 20 participants)
Language	English
Access	Lifetime access to recorded sessions & updated materials
Certificate	EduEdge Completion Certificate + AZ-305 Exam Support
Next Batch	Rolling intake — visit www.theedue.org for schedule

Who Should Attend?

- **Senior Azure Administrators (AZ-104 Holders)** advancing to solutions architect roles.
- **Cloud Architects & Infrastructure Leads** formalising their Azure design expertise.
- **Enterprise Architects** designing hybrid and multi-cloud solutions.
- **DevOps Engineers & Cloud Engineers** moving into architecture and design roles.
- **IT Managers** responsible for Azure solution design and governance.

Eligibility Requirements

The following requirements apply before you can register for the AZ-305 certification. EduEdge advisors will guide you through eligibility verification and the application process.

	PRIMARY PATH	ALTERNATIVE
Prerequisites	AZ-104 (Azure Administrator) is required	Expert level — must hold AZ-104 first
Recommended Experience	At least 5 years of experience with Azure administration and architecture	Ability to design a solution across compute, network, storage, security
Training	EduEdge 45-hour programme	Covers all AZ-305 objectives

Exam Details

Exam Code	AZ-305
Questions	40–60
Duration	120 minutes
Domains	Design Identity & Security Solutions Design Data Storage Design Business Continuity Design Infrastructure
Passing Score	700/1000
Validity	Renew annually (free online)
Exam Fee	USD 165

Ready to register for AZ-305?

Our advisors will help you verify eligibility and plan your study path.

Course Curriculum

Our AZ-305 curriculum is structured around the official Microsoft exam content outline (AZ-305), ensuring complete topic coverage with practical application throughout.

M1	Design Identity & Access Azure AD B2C, Managed Identities, Conditional Access, PIM, governance design
M2	Design Business Continuity Backup architecture, Site Recovery, availability zones, HA patterns, RTO/RPO
M3	Design Data Storage SQL, NoSQL, storage account design, data tiering, data protection, Cosmos DB
M4	Design Infrastructure Compute architecture (VMs/AKS/App Service), migration strategies, hybrid design
M5	Design Networking Hub-spoke topology, Azure Virtual WAN, ExpressRoute, Private Link, Front Door
M6	Design Security Defender for Cloud, Microsoft Sentinel, WAF, DDoS Protection, security baselines
M7	Architecture Case Studies End-to-end enterprise architecture scenarios, requirements-to-design methodology
M8	Exam Preparation AZ-305 case study reviews, 600+ questions, design scenario practice, mock exams
■ Exam Domain Coverage: Design Identity & Security Solutions Design Data Storage Design Business Continuity Design Infrastructure	

Learning Outcomes

By the end of the EduEdge AZ-305 programme, you will be able to:

- Design identity and access management solutions for enterprise Azure environments.
- Architect high-availability and disaster recovery solutions meeting business SLAs.
- Design scalable, secure, and cost-efficient data storage architectures.
- Plan and execute cloud migration strategies from on-premises to Azure.
- Design enterprise networking architectures including hub-spoke and Virtual WAN.
- Implement security architectures using Microsoft Defender and Sentinel.
- Translate business requirements into Azure solution designs.
- Pass the AZ-305 Azure Solutions Architect Expert exam.

Career Opportunities

AZ-305-certified professionals are sought across industries worldwide. Common roles include:

Azure Solutions Architect	Cloud Architect	Enterprise Architect
Principal Cloud Engineer	Azure Infrastructure Lead	Cloud Strategy Director
Digital Transformation Architect	Hybrid Cloud Architect	Cloud Practice Lead

Exam Preparation Strategy

Passing the AZ-305 on your first attempt requires more than content knowledge — it demands a strategic, structured approach. EduEdge provides a 360° preparation ecosystem tailored to this certification.

■ Study Materials Curated notes, quick-reference cards, and formula/concept sheets aligned to exam objectives.	■ Practice Question Bank Extensive exam-style question bank with detailed answer rationale for every question.
■ Timed Mock Examinations Full-length mock exams simulating actual exam conditions with performance analytics.	■ Recorded Sessions Lifetime access to all live session recordings — revisit complex topics anytime.
■ Cohort Study Groups Peer learning groups for collaborative problem solving and accountability.	■ 1:1 Mentorship Direct access to instructors for doubt resolution and personalised study plans.

Recommended Study Timeline

PHASE	FOCUS	APPROXIMATE HOURS
Foundation	Core concepts and AZ-305 framework overview	8–12 hrs
Deep Dive	Domain-by-domain coverage with practice questions	20–30 hrs
Application	Lab work, scenario exercises, and case studies	8–12 hrs
Exam Prep	Mock exams, gap analysis, and revision	10–15 hrs
Final Review	Exam readiness check and last-day strategy	4–6 hrs
