CompTIA Security+

CERTIFICATION PROGRAMME

The Industry's Baseline Security Certification — Trusted Globally

EduEdge Certified

Exam: SY0-701

Live + On-Demand

Global Recognition

www.theeduege.org | info@theeduege.org

About the Programme

CompTIA Security+ is the leading entry-level cybersecurity certification, establishing the core knowledge required for security roles and providing a springboard to intermediate-level cybersecurity jobs. It is DoD 8570 compliant and trusted by employers worldwide as the baseline for security professionals.

EduEdge's Security+ programme is built around the SY0-701 exam objectives, covering threats, vulnerabilities, architecture, implementation, operations, and governance. Real-world labs and scenario-based learning ensure you are ready for both the exam and the job.

WHY Security+?		
700K+ Security+ Holders Worldwide	DoD 8570/8140 Compliant	3 Yrs Certification Validity

What Makes EduEdge Different?

■ Exam-Focused Curriculum Every session maps directly to SY0-701 exam objectives — zero wasted study time.	■■■ Expert Instructors Certified practitioners with real-world industry experience as your lead trainers.
■ Comprehensive Materials Curated notes, quick-reference guides, and access to an extensive question bank.	■ Mock Exams & Drills Multiple timed mock exams with detailed rationale to build exam-day confidence.
■ Live + On-Demand Attend live virtual sessions or learn at your pace with recorded access.	■ High Pass Rate Structured programme with mentorship resulting in strong first-attempt outcomes.

Programme Highlights

Duration	Instructor-led sessions + self-paced recordings
Format	Online (Live Virtual) / In-Person Weekend Batches
Exam Training	Fully satisfies CompTIA training requirements
Batch Size	Small cohorts for personalised attention (max 20 participants)
Language	English
Access	Lifetime access to recorded sessions & updated materials
Certificate	EduEdge Completion Certificate + SY0-701 Exam Support
Next Batch	Rolling intake — visit www.theedue.org for schedule

Who Should Attend?

- **IT Support & Help Desk Professionals** ready to move into a security specialisation.
- **Network & Systems Administrators** adding security to their technical skill set.
- **Junior Security Analysts** seeking formal baseline cybersecurity certification.
- **IT Graduates & Career Changers** entering the cybersecurity field.
- **Government & Defence IT Contractors** requiring DoD 8570 compliance.

Eligibility Requirements

The following requirements apply before you can register for the Security+ certification. EduEdge advisors will guide you through eligibility verification and the application process.

	PRIMARY PATH	ALTERNATIVE
Recommended Experience	CompTIA Network+ certification	Or 2 years IT experience with security focus
Prerequisites	No mandatory prerequisite	Security+ is entry-level
Training	EduEdge 40-hour programme	Covers all SY0-701 objectives

Exam Details

Exam Code	SY0-701
Questions	Max 90 (MCQ + PBQ)
Duration	90 minutes
Domains	General Security Concepts Threats, Vulnerabilities & Mitigations Security Architecture Security Operations Program Management & Oversight
Passing Score	750/900
Validity	3 years (50 CEUs to renew)
Exam Fee	USD 392

Ready to register for Security+?

Our advisors will help you verify eligibility and plan your study path.

Course Curriculum

Our Security+ curriculum is structured around the official CompTIA exam content outline (SY0-701), ensuring complete topic coverage with practical application throughout.

M1	General Security Concepts Security controls, basic cryptography, PKI, authentication, security frameworks
M2	Threats, Attacks & Vulnerabilities Malware, social engineering, application attacks, network attacks, IoT threats
M3	Security Architecture Enterprise security design, cloud security, zero trust, network segmentation
M4	Security Implementation Firewalls, IDS/IPS, VPN, endpoint security, wireless security, identity management
M5	Security Operations Incident response, digital forensics, log monitoring, SIEM, vulnerability scanning
M6	Governance, Risk & Compliance Risk management, regulatory frameworks (GDPR, HIPAA, PCI-DSS), policies and procedures
M7	Hands-On Labs Simulated attack scenarios, PBQ practice, Wireshark, Nmap, basic penetration testing tools
M8	Exam Preparation Domain review, 600+ practice questions, timed mock exams, PBQ strategies
■ Exam Domain Coverage: General Security Concepts Threats, Vulnerabilities & Mitigations Security Architecture Security Operations Program Management & Oversight	

Learning Outcomes

By the end of the EduEdge Security+ programme, you will be able to:

- Identify and respond to common cybersecurity threats and vulnerabilities.
- Implement security controls for networks, endpoints, and cloud environments.
- Apply identity and access management (IAM) principles.
- Conduct basic incident response and digital forensics investigations.
- Design security architectures using zero trust and defence-in-depth principles.
- Apply governance, risk, and compliance (GRC) frameworks.
- Interpret vulnerability scan results and prioritise remediation.
- Pass the CompTIA Security+ SY0-701 exam with confidence.

Career Opportunities

Security+-certified professionals are sought across industries worldwide. Common roles include:

Security Analyst	Security Administrator	Security Engineer
IT Auditor	Network Security Specialist	Systems Administrator
Security Consultant	Cybersecurity Technician	Security Operations Analyst

Exam Preparation Strategy

Passing the Security+ on your first attempt requires more than content knowledge — it demands a strategic, structured approach. EduEdge provides a 360° preparation ecosystem tailored to this certification.

■ Study Materials Curated notes, quick-reference cards, and formula/concept sheets aligned to exam objectives.	■ Practice Question Bank Extensive exam-style question bank with detailed answer rationale for every question.
■ Timed Mock Examinations Full-length mock exams simulating actual exam conditions with performance analytics.	■ Recorded Sessions Lifetime access to all live session recordings — revisit complex topics anytime.
■ Cohort Study Groups Peer learning groups for collaborative problem solving and accountability.	■ 1:1 Mentorship Direct access to instructors for doubt resolution and personalised study plans.

Recommended Study Timeline

PHASE	FOCUS	APPROXIMATE HOURS
Foundation	Core concepts and Security+ framework overview	8–12 hrs
Deep Dive	Domain-by-domain coverage with practice questions	20–30 hrs
Application	Lab work, scenario exercises, and case studies	8–12 hrs
Exam Prep	Mock exams, gap analysis, and revision	10–15 hrs
Final Review	Exam readiness check and last-day strategy	4–6 hrs
