CompTIA Server+

CERTIFICATION PROGRAMME

Master Server Technology — The Backbone of Every Enterprise

EduEdge Certified

Exam: SK0-005

Live + On-Demand

Global Recognition

www.theeduege.org | info@theeduege.org

About the Programme

CompTIA Server+ certifies the knowledge and skills required to work with server hardware and software technologies. Server+ is vendor-neutral and covers server hardware, administration, security, storage, disaster recovery, and troubleshooting — making it essential for server and data centre professionals.

EduEdge's Server+ programme covers the complete lifecycle of server environments — from rack installation and OS deployment to virtualisation, hardening, and business continuity. Real-world scenarios and hands-on labs build practical competency alongside exam readiness.

WHY Server+?		
Vendor Neutral Server Certification	Data Centre Essential Credential	3 Yrs Certification Validity

What Makes EduEdge Different?

■ Exam-Focused Curriculum Every session maps directly to SK0-005 exam objectives — zero wasted study time.	■■■ Expert Instructors Certified practitioners with real-world industry experience as your lead trainers.
■ Comprehensive Materials Curated notes, quick-reference guides, and access to an extensive question bank.	■ Mock Exams & Drills Multiple timed mock exams with detailed rationale to build exam-day confidence.
■ Live + On-Demand Attend live virtual sessions or learn at your pace with recorded access.	■ High Pass Rate Structured programme with mentorship resulting in strong first-attempt outcomes.

Programme Highlights

Duration	Instructor-led sessions + self-paced recordings
Format	Online (Live Virtual) / In-Person Weekend Batches
Exam Training	Fully satisfies CompTIA training requirements
Batch Size	Small cohorts for personalised attention (max 20 participants)
Language	English
Access	Lifetime access to recorded sessions & updated materials
Certificate	EduEdge Completion Certificate + SK0-005 Exam Support
Next Batch	Rolling intake — visit www.theedue.org for schedule

Who Should Attend?

- **Systems Administrators** managing physical and virtual server environments.
- **Data Centre Technicians** working with rack-mounted server infrastructure.
- **IT Support Professionals** expanding from desktop to server support.
- **A+ or Network+ Holders** building toward server and infrastructure specialisation.
- **Cloud Engineers** who need a strong on-premises server foundation.

Eligibility Requirements

The following requirements apply before you can register for the Server+ certification. EduEdge advisors will guide you through eligibility verification and the application process.

	PRIMARY PATH	ALTERNATIVE
Recommended Experience	CompTIA A+ or Network+ recommended	18–24 months server/IT experience
Prerequisites	No mandatory prerequisite	Intermediate level
Training	EduEdge 35-hour programme	Covers all SK0-005 objectives

Exam Details

Exam Code	SK0-005
Questions	Max 90 (MCQ + PBQ)
Duration	90 minutes
Domains	Server Hardware Installation & Management Server Administration Security Storage Disaster Recovery Troubleshooting
Passing Score	750/900
Validity	3 years (30 CEUs to renew)
Exam Fee	USD 338

Ready to register for Server+?

Our advisors will help you verify eligibility and plan your study path.

Course Curriculum

Our Server+ curriculum is structured around the official CompTIA exam content outline (SK0-005), ensuring complete topic coverage with practical application throughout.

M1	Server Hardware Rack units, blade servers, form factors, CPUs, RAM, NICs, RAID controllers, power supplies
M2	Server Installation & Configuration OS deployment, boot process, BIOS/UEFI, drivers, storage configuration
M3	Server Administration Active Directory, DNS, DHCP, file services, remote management, monitoring tools
M4	Virtualisation Hypervisor types, VMware, Hyper-V, VM lifecycle, resource allocation, snapshots
M5	Server Security Hardening, patch management, access control, server firewalls, physical security
M6	Storage Technologies DAS, NAS, SAN, iSCSI, Fibre Channel, storage tiering, backup media
M7	Disaster Recovery & Business Continuity Backup strategies, RTO/RPO, failover clustering, replication, recovery testing
M8	Exam Preparation SK0-005 domain review, troubleshooting scenarios, 500+ practice questions, mock exams
■ Exam Domain Coverage: Server Hardware Installation & Management Server Administration Security Storage Disaster Recovery Troubleshooting	

Learning Outcomes

By the end of the EduEdge Server+ programme, you will be able to:

- Install, configure, and manage rack-mounted and blade server hardware.
- Deploy and administer server operating systems including Windows Server and Linux.
- Implement server virtualisation using VMware and Hyper-V platforms.
- Apply server security hardening, access controls, and patch management.
- Design and manage storage solutions including SAN, NAS, and RAID configurations.
- Implement backup, recovery, and failover solutions for business continuity.
- Troubleshoot server hardware, software, and connectivity issues systematically.
- Pass the CompTIA Server+ SK0-005 exam.

Career Opportunities

Server+-certified professionals are sought across industries worldwide. Common roles include:

Systems Administrator	Server Administrator	Data Centre Technician
Infrastructure Engineer	IT Operations Specialist	NOC Engineer
Virtualisation Engineer	Storage Administrator	IT Support Engineer (L3)

Exam Preparation Strategy

Passing the Server+ on your first attempt requires more than content knowledge — it demands a strategic, structured approach. EduEdge provides a 360° preparation ecosystem tailored to this certification.

■ Study Materials Curated notes, quick-reference cards, and formula/concept sheets aligned to exam objectives.	■ Practice Question Bank Extensive exam-style question bank with detailed answer rationale for every question.
■ Timed Mock Examinations Full-length mock exams simulating actual exam conditions with performance analytics.	■ Recorded Sessions Lifetime access to all live session recordings — revisit complex topics anytime.
■ Cohort Study Groups Peer learning groups for collaborative problem solving and accountability.	■ 1:1 Mentorship Direct access to instructors for doubt resolution and personalised study plans.

Recommended Study Timeline

PHASE	FOCUS	APPROXIMATE HOURS
Foundation	Core concepts and Server+ framework overview	8–12 hrs
Deep Dive	Domain-by-domain coverage with practice questions	20–30 hrs
Application	Lab work, scenario exercises, and case studies	8–12 hrs
Exam Prep	Mock exams, gap analysis, and revision	10–15 hrs
Final Review	Exam readiness check and last-day strategy	4–6 hrs
