About the Programme

The SAFe POPM certification equips Product Owners and Product Managers with the skills needed to engage customers, define value, and prioritise work within a SAFe Agile Release Train. POPM covers both the team-level PO role and the ART-level PM function.

EduEdge's SAFe POPM programme teaches you how to connect market vision to team delivery — writing user stories, managing backlogs, engaging stakeholders, and driving value through the ART. This is the definitive certification for product professionals in scaled agile environments.
